

# IN 2021, YOU FREED ST. ANN CENTER FROM DEBT!

COVID-19 thwarted our plan to repay the final \$3 million on our Bucyrus Campus construction debt by December 31, as we'd been on track to do. By August, it appeared we'd be forced to restructure the debt, at higher interest rates for years to come.

The Bucyrus Foundation offered to match up to \$1.5 million all donations made by year's end. You met that challenge in less than four months, so we could finish repaying our \$25 million debt on time.

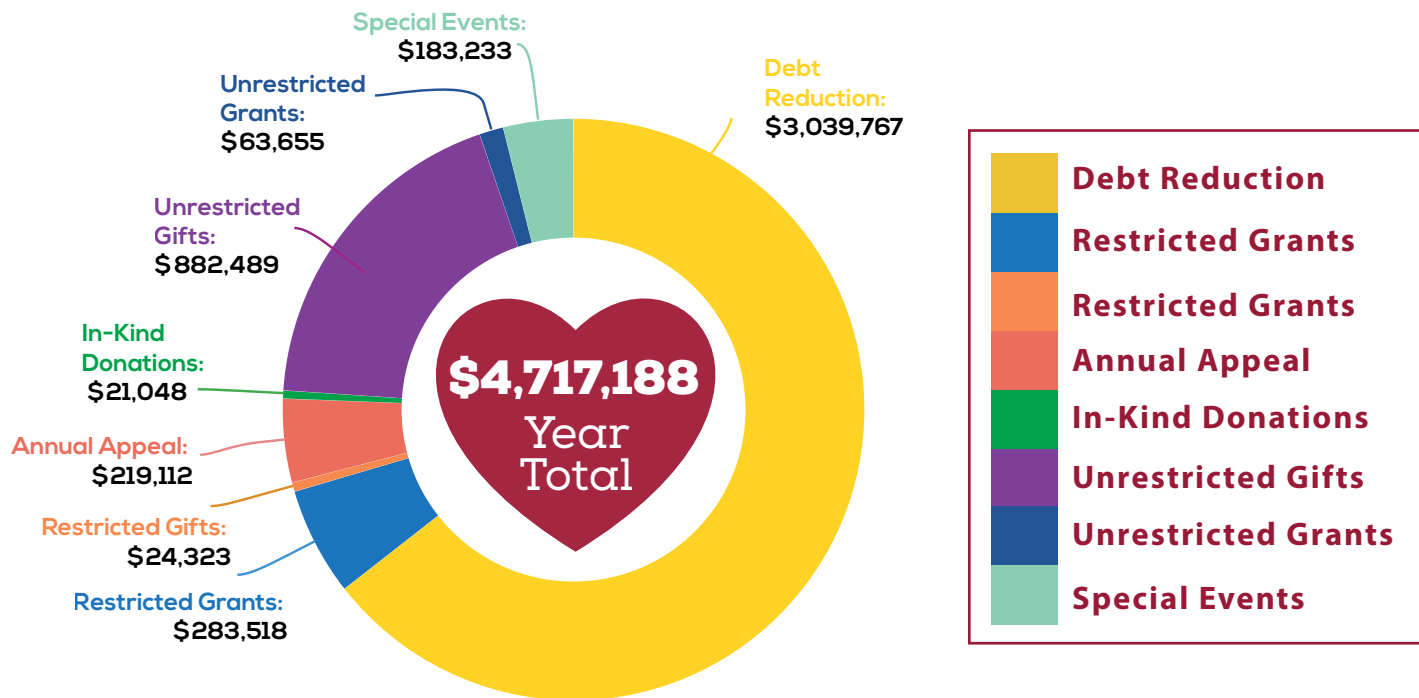

That frees us to spend nearly \$20,000 more per month to strengthen our adult and childcare services, expand our special needs Dental Clinic, and grow our endowment to support those areas so we can provide those services for generations to come.
