

INTRODUCING... K3 AT ST. ANN CENTER

For 25 years, Milwaukee parents have trusted St. Ann Center's childcare for compassionate, engaging care. This September, St. Ann Center's Bucyrus Campus brings that same caring approach to an exciting new K3 program!

FOCUSED ON LEARNING THROUGH PLAY, OUR PRESCHOOL WILL PREPARE YOUR CHILD FOR K4 SUCCESS NEXT YEAR BY:

- Empowering students to guide their own learning experience
- Creating a culture of collaborative learning-together
- Encouraging risk-taking and experimentation
- Promoting imaginative thinking
- Accepting the different emotions play can create

The campus features a dedicated preschool playground, a library, hands-on learning in a nature-based classroom and outdoor gardens, and opportunities for enrichment through intergenerational activities. It's easy to add wraparound childcare to your child's morning or afternoon preschool classes, too.
